

# McLeister Lake Outpost Camp

## McLeister Lake Outpost

**Distance from base:** 54 Miles

**Lake Size:** 2 x 2 Miles

**Average Depth:** 12'

**Sleeps:** 4-8

**Species:** Walleye, Northern Pike

**Unique Feature:** 7 Miles of River

McLeister lake is a favorite for people looking for great pike fishing with an abundance of walleye for good eating. The special feature this lake has is the river system which allows you to navigate into approx. 7 miles when the water levels allow for enough depth. Both the river and lake are home to walleye, pike and perch. The cabin is nestled into the shoreline with a great view of the lake and wildlife roaming around.

The cabin is equipped with propane fridge, stove with an oven, pots and pans and all eating and cooking utensils. There are lanterns for light and a wood stove for heat. These camps are rustic but very comfortable and offer you a true wilderness experience without missing out on the necessities.
