

Quantz Lake Outpost Camp

Quantz Lake Outpost Camp

Distance from base: 115 Miles

Lake Size: 6 miles long with 13 miles of shoreline

Average Depth: 13'

Sleeps: 6-8

Species: Walleye, Northern Pike

Unique Feature: Many bays, inlets and outlets allow for exploration

110 miles north of our Carey lake airbase you will find Quantz lake. Here is where you will find an outstanding walleye fishery and the typical trophy pike waters of the lakes surrounding the Albany and water system. With 6.5 miles of length and an average depth of 10-15 ft, this lake is THE choice for a group looking for bigger a water body, islands, inlets/outlets and other ideal structure for fishing success.

As all our other locations, Quantz is the host of only ONE cabin. The cabin is a three bedroom camp with propane amenities. There are 16' aluminum boats with 8hp engines. Quantz is one of 2 destinations Hearst Air accommodates for fishermen looking for a better chance at many trophy pike.

No worries about the walleye fishing though, you will still find an abundance of walleye that will make you wally fishing buddies very happy, but being in these destinations will give

you the best chance of catching those 40"+ pike that get you excited. That is why you choose Quantz lake.
